

Aqua Gloss 25

UHS Floor Finish

Aqua Gloss 25 provides excellent durability, high initial gloss, and wet-look response to ultra high-speed (UHS) maintenance. Outstanding beauty and durability for all floors. Advanced metal cross-link polymer produces the highest, hardest gloss. Heel, scuff, and detergent resistant. Floors stay shiny, clean, and better protected. U.L. approved.

DIRECTIONS FOR USE

PREPARATION: Remove all dirt and old finish by using a floor machine and **Easy Strip, Speedy Strip, or Enviro Strip**. Rinse floor thoroughly and allow to dry.

APPLICATION: Apply Aqua Gloss 25 in medium to heavy uniform coats with a finish mop. Let dry thoroughly (30 minutes) before applying the next coat. Continue to add coats of Aqua Gloss 25 until desired gloss and base are obtained.

TECHNICAL DATA

Color.....	White Emulsion
Scent.....	Acrylic
Foaming.....	N/A
Solubility in Water	Complete
Density (lb/gal)	8.65
