

Bonnet Klean

Carpet Surface Cleaner

Bonnet Klean is a special formula designed for removal of surface soil between normal shampooing or water extraction operations.

DIRECTIONS FOR USE

PREPARATION: Vacuum carpet thoroughly. Before using any product on carpet or fabric, test a small hidden area for color fastness. Prespot with **Gotcha**. Place plastic film or wax paper under and around legs of furniture to prevent staining.

APPLICATION: Dilute 10 ounces of **Bonnet Klean** per gallon of water. Bonnet by overlapping on each pass to insure uniform cleaning. Do not over wet the surface. Allow to dry and vacuum before returning area to use.

TECHNICAL DATA

Color.....	Amber
Scent.....	Floral
Foaming.....	Medium/High
