

Gotcha

Carpet & Upholstery Spot Remover

Gotcha is a biodegradable detergent system designed for carpet and upholstery spotting. This ready-to-use product removes tough spots from rugs and carpet, which are caused by dirt, grease, oil, coffee, soda, etc. Use product before cleaning with a machine or as a touch-up between cleanings.

DIRECTIONS FOR USE

Vacuum thoroughly. Before using, test a small area for color fastness. Spray **Gotcha** onto area to be cleaned. If stain does not disappear, reapply **Gotcha** and blot with a dry cloth. Do not scrub. As a pre-spotter before deep cleaning, spray **Gotcha** on stained or heavily soiled areas, shampoo or extract.

See label for further instructions.
